Al Wajeha Diesel Trading

Al Wajeha Diesel Trading

AL Wajeha Diesel Trading is a Certified Company since 2008 and it is a leading diesel trading Company, supplying premium quality low sulphur diesel fuel with efficient distribution across the UAE. Many of the light and heavy Industries, Engineering, Construction and Transportation Companies are our clients. Our skilled professionals strive to deliver the best service to our customers. We have well equipped infrastructure for storing and transportation of the fuel and handling staff. We are remarkably recognized for our quality and efficient delivery services. All Diesel related services are our concern with the warmth of long term relationship. We work around the clock.

Aim and Vision

Serve the serving groups is our aim and vision in short. We serve our clients with the vision that through our supply of fuel they may make their world of industry move faster than they actually planned, therewith to become the leading supplier of diesel and other fuel related materials. So that Al Wajeha will meet the increasing demand in the fuel market and will ultimately serve our clients for their betterment.

Applications

10 parts per million (ppm) Diesel is a low emission/ environmentally clean diesel fuel with a Sulphur content less than 10 (ppm) which can be used in all diesel engines. It is especially suitable for diesel

engines designed to meet the latest European and American emission standards and those equipped with exhaust after treatment devices. This fuel enables the use of the most advanced oxidation catalysts and particulate traps to further reduce exhaust emissions. BP 10 ppm Diesel contains a lubricity additive to protect fuel system components from wear. It also includes an advanced additive to keep fuel injectors and other system components clean to maintain optimum fuel economy and engine performance. 10 ppm Diesel is for diesel engines only and not for Aviation use.

What We do...

Al Wajeha Diesel Trading is one of the premium importers and exporters of Fuel products in the Middle East. Al Wajeha Diesel excellently maintain a healthy client relationship and on the base of interests of the clients Wajeha imports Fuel Products from highly dependable sources.
